Dear Patients and Families,

We hope you and your family are safe and healthy during this health crisis. We at Aqua Dental wish to lend our sympathy and well wishes to those affected by COVID-19 Coronavirus.

At Aqua Dental, your health is paramount. Our office has and always will strive to keep your health and our staff healthy by continuing our stringent disinfecting and sanitization of surfaces and instruments and maintaining our usual and thorough OSHA compliant standards. Additionally, we are taking extra precautions to keep our patients healthy, and free of concern by providing plenty of soap and handwashing stations for both our patients and staff and disinfecting critical and high traffic areas and surfaces such as all waiting room surfaces, doorknobs, chairs, equipment, tables, shelves, countertops on an hourly basis. Furthermore, we are screening all staff for increased body temperatures daily.

At this time, Aqua Dental does not have plans to restrict hours of services. However, in our effort to keep our staff healthy and do our part in helping to stall the spread of COVID-19, we kindly ask any patients who are currently experiencing the following symptoms to call and reschedule their appointments: fever, cough, shortness of breath, chills, or if you have been exposed to the cold, flu, or COVID-19, or if you have traveled outside the United States within the last month.

We are closely monitoring updates from the CDC (Centers for Disease Control) to ensure we're prepared and taking necessary precautions to address this evolving situation as the health and safety of our patients and our staff is our top priority.

We look forward to providing you with the best and safest dental care.

Sincerely,

AQUA DENTAL
